clients*

## Our Company

We offer both Business and Information Technology consultancy services plus Human Resource services which we do to meet our clients satisfaction.

Whether you are seeking to hire a business consultant, business advisor, or searching for a professional IT solution, payroll and tax administration, HR Consultancy and outsourcing, we help you implement sustainable people management strategies that improve your bottom line and help you achieve your goals.

These values help us to state clearly the principles about the organization's vision, mission, and principles. In that way, everyone is aligned around the guiding philosophy to serve employees, customers, and the entire community.

## Core values

-  **Professionalism**  
We are a company that emphasizes positive attitude towards work
-  **Honesty and Integrity**  
These are the core aspects in all our business dealings
-  **Efficiency & Value addition**  
Quality service and value for our clients
-  **Creativity, Invention & Innovation**  
We are a company that offers design and build services for you from initial sketches to the final development.

## VISION

To be the leading ICT and Business management consultancy service providers that are innovation driven in the region.

## MISSION

To offer high quality services that are identified by satisfied customers and high value for positive growth and results.

# MESSAGE FROM

**Managing Director**  
**Mr. Ariho Simplisio**

---

I feel privileged to lead such an exciting and vibrant company INFO-CODE CONSULTS LTD that started to identify the gap surrounding the Bus-Tech Industry

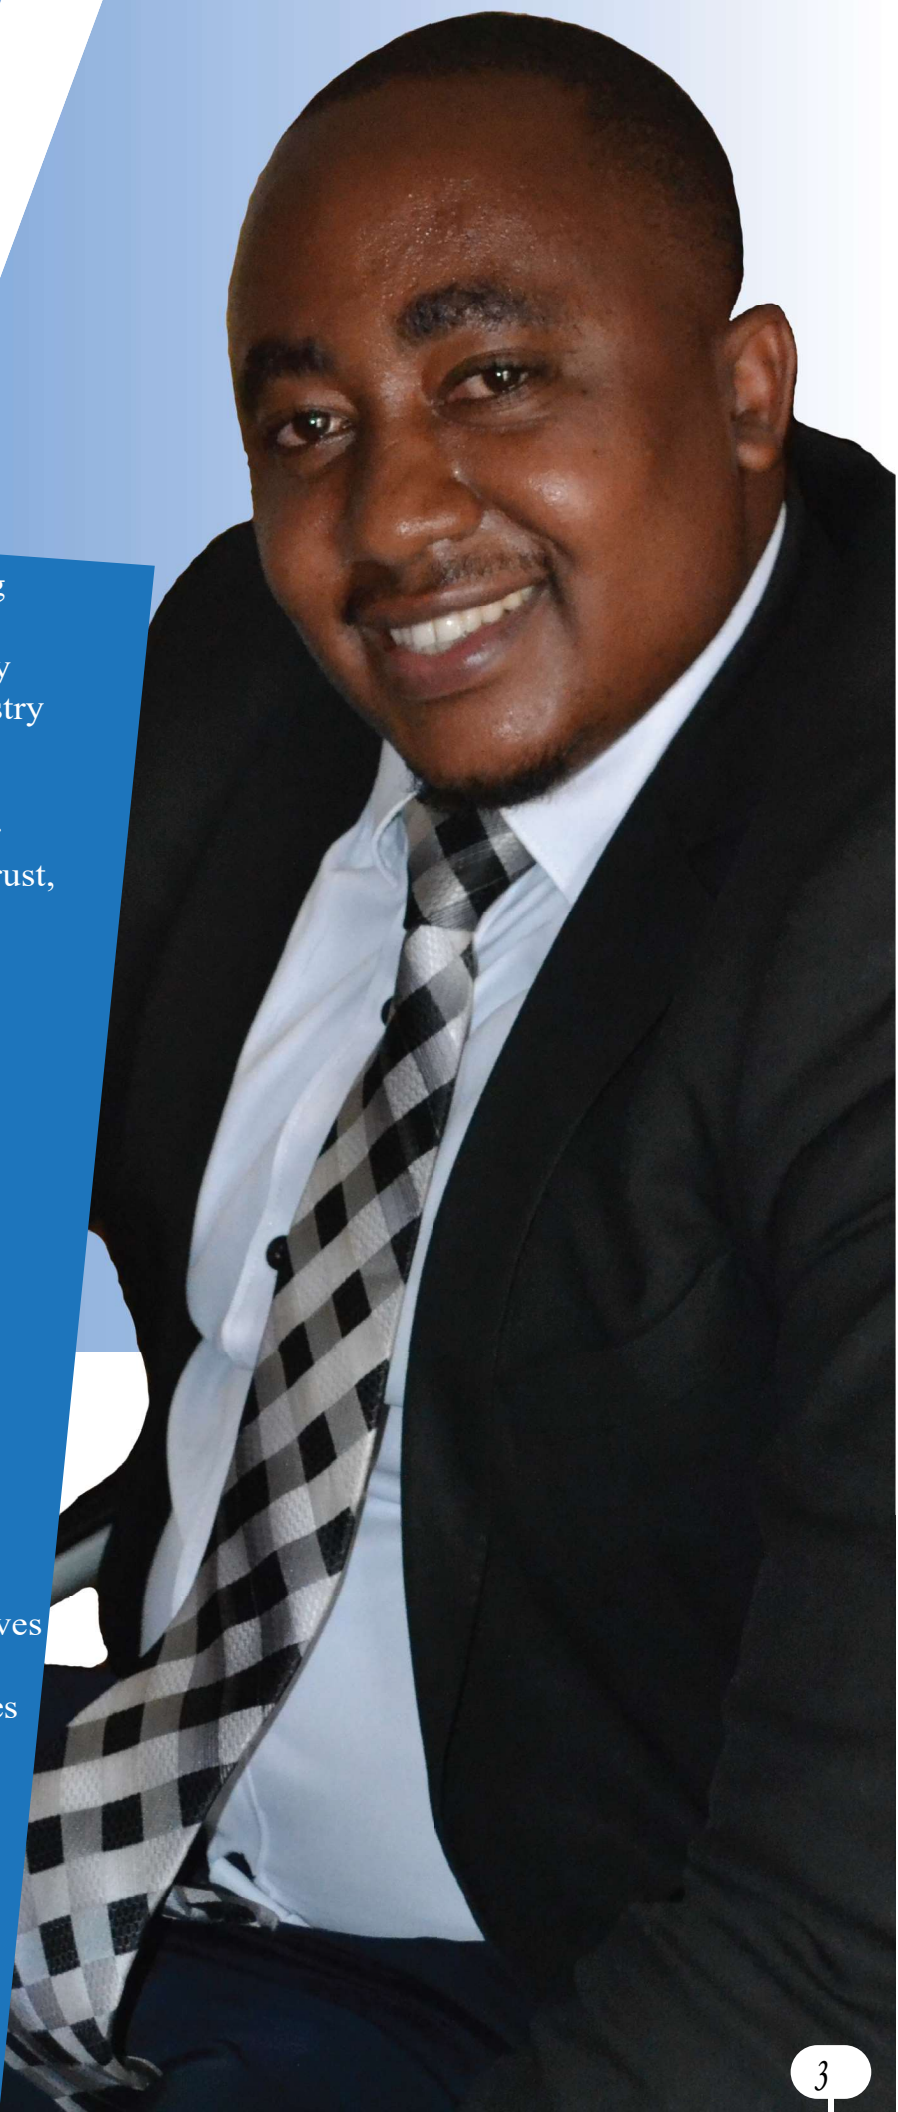

we set high standards and expectations for our staff to achieve and behave their very best to our clientele, believing in trust, honesty, transparency, professionalism and innovation as our core values. we want our clients to feel a sense of happiness and belonging for futuristic success stories.

We believe in a strong sense of continuity between the customs and traditions of our community markets for flexible partnerships and collaborations.

We value quality in all our business dealings with focus on positive impact for the development of our portfolio.

The team embraces hardwork and believes in success for all the assignments we get along the way. Our firm evaluates every project keenly and defines the success story from it for the growth of our organisation.

*“We welcome everyone to be part of INFOCODE”*

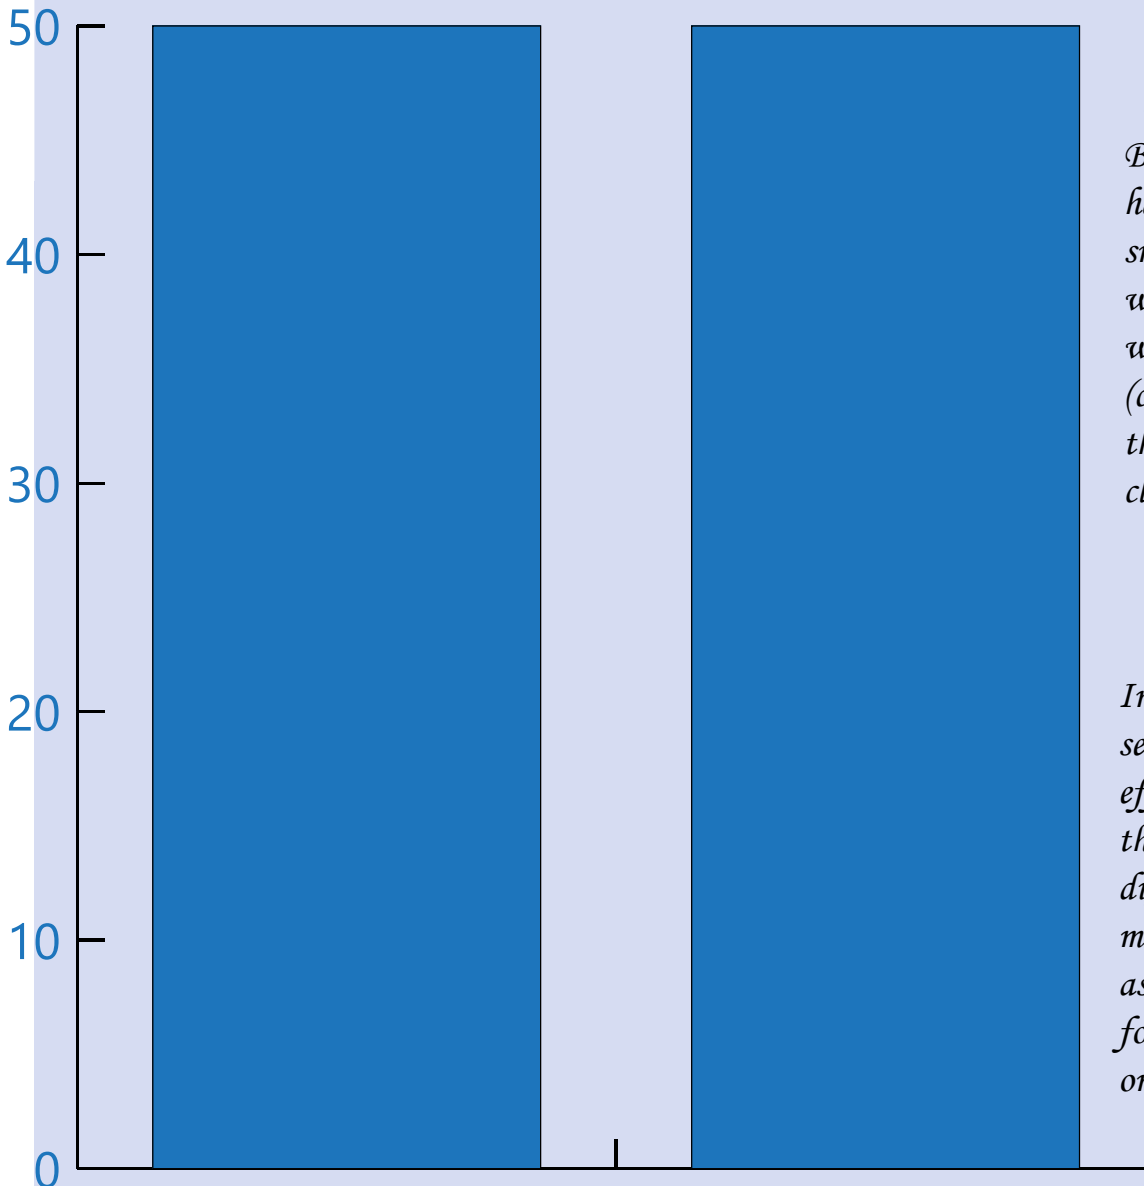

## OUR FOCUS SINCE 2016

The much emphasis has been put on areas of Information Technology and Business Management services and we are proud of the success achieved by the firm.

### *The structure of our operations model*

*Business services* ★

*IT services* ★

# 50%

*Business services have been running smoothly though we experienced world wide pandemic (corona virus) but we thrived on serving our clients effectively*

# 50%

*Information Technology services have been running effectively even during the lockdown we used digital methods like social media and adroit sessions as an elearning platform for beneficiaries to study online.*

In 2019, our first project was MANTRA EAST AFRICA MOTORBIKE  
We executed it well and we were able to hit the market and target.
